TABLE OF CONTENTS

Dear readers,

Welcome! It's always important to meet again on these pages and share thoughts, emotions, intuitions, desires... it's beautiful and contagious. Thanks to the magazine we can come together in goals that we never thought we'd share.

What we experience together is a moment of enrichment that involves us, I would say, in a moment of freedom. Sometimes articles or ideas trigger a spark that binds us to a new or an old path.

In March the site www.psicosintesi.it will be renewed and dynamic after long and demanding work by numerous volunteers.

I want to particularly remember the dedication of Giuliana Caldirola and the professionalism of Elvira Fuiano with Rosella D'Amato and other partners who together made it possible to achieve this goal.

It is a large gateway to the world of the Institute with its Centers and Groups and of Psychosynthesis with articulated and exhaustive menus. I wish you a safe journey from this news-rich new port. But a special thanks to Laura Ferrea, who for many years has supported us on the old site, solving our problems with a smile both for the publication of the magazine and for technical problems. Thank you
